Introduction

This document defines the brand system for **Seat of the Soul** and **Universal Human Foundation**. It brings together philosophy, voice, and visual identity into a unified framework for consistent and intentional expression.

More than a set of guidelines, this is a translation of a shared vision—one that reflects the evolution of human awareness and the creation of authentic power. Every element within this system is designed to communicate with clarity, depth, and coherence across all touchpoints.

- **Rooted in a shared philosophy**
- **Designed for clarity and consistency**
- **Built to evolve over time**
- **Balances structure and flexibility**
- **Expresses both individual and collective perspectives**

Every expression of the brand is
an opportunity to embody its purpose.

The background features abstract geometric shapes in dark blue and purple. On the left, there are several overlapping squares and rectangles in a dark blue color. On the right, there is a large, semi-transparent purple circle. The overall color palette is dark and moody, with the text in white for high contrast.

Brand Foundation

Brand System Overview

The brand system is built on a shared foundation that expresses a unified philosophy through two distinct but connected entities. **Seat of the Soul Institute** and **Universal Human Foundation** work together to bring the same vision into the world through different roles.

- **Seat of the Soul Institute** develops and delivers structured programs for personal transformation.
- **Universal Human Foundation** expands access to these teachings, making them available to a broader and more diverse global audience.

Together, they form a cohesive system that moves from creation to access, **from individual transformation to collective impact.**

One philosophy. Two roles.

Brand Philosophy

The brand is rooted in the understanding that true power comes from within. This philosophy recognizes that personal transformation is the foundation of meaningful change. As individuals become more aware, more intentional, and more aligned, their impact extends beyond themselves—shaping relationships, communities, and the world.

Authentic Power

The alignment between intention, action, and deeper values.

Awareness

The ability to observe oneself with honesty and clarity.

Intention

The motivation behind every thought, word, and action.

Responsibility

The willingness to recognize and transform one's inner patterns.

Seat of the Soul Institute (SOTSI)

Mission

To support personal transformation through teachings, emotional awareness, and the practice of authentic power.

Vision

A world where individuals live with greater consciousness, purpose, and alignment with the soul.

Universal Human Foundation (UHF)

Mission

To inspire compassionate action, conscious communities, and human connection at a global scale.

Vision

A world guided by compassion, unity, and the emergence of the Universal Human.

Purpose

To support the evolution of human consciousness by helping individuals transform themselves and extend that transformation into the world.

Core Values

These values guide every expression of the brand, shaping how it communicates, creates, and contributes.

Awareness

We value clarity and self-understanding as the foundation of transformation. We encourage reflection, honesty, and conscious attention.

Compassion

We approach individuals and the world with care, respect, and empathy. Growth is supported through understanding, not judgment.

Responsibility

We recognize that meaningful change begins within. We take ownership of our actions, intentions, and impact.

Intention

We act with purpose and alignment. Every choice, message, and interaction is guided by clarity of intention.

Evolution

We believe in continuous growth—individually and collectively. The brand adapts, learns, and expands over time.

Brand Personality

The brand expresses itself through a calm, grounded, and intentional presence. Its personality reflects clarity, depth, and authenticity without becoming distant or abstract.

Calm

The brand communicates with clarity and steadiness. It avoids urgency, noise, or pressure.

Grounded

It is practical and accessible, not abstract or overly conceptual. Ideas are clear and applicable.

Intentional

Every message and interaction is purposeful. Nothing is random or excessive.

Compassionate

The brand speaks with care and respect. It supports growth without judgment.

Expansive

We act with purpose and alignment. Every choice, message, and interaction is guided by clarity of intention.

Tone of Voice

The tone of voice reflects the brand's calm, grounded, and intentional personality. It communicates with clarity and depth, making complex ideas accessible without oversimplifying them.

EVOLUTIONARY

Audience

Our audience spans generations, backgrounds, and life experiences, united by a shared desire to live with greater awareness, authenticity, and purpose. The brand supports individuals navigating change, emotional growth, relationships, and personal transformation in an increasingly complex world.

Boomers

Supporting Emotional Well-Being in Life's Evolving Stages

Baby Boomers often face major transitions - retirement, shifting family roles, and changes in community connection. Our support helps them navigate these shifts with resilience, purpose, and renewed social engagement, strengthening their ability to stay connected and contribute meaningfully.

Generation X

Balancing Responsibility, Identity, and Emotional Health

Gen X frequently carries the weight of multiple responsibilities - careers, caregiving, and financial pressures. Our support empowers this generation to manage stress, maintain healthy relationships, and build stability while reconnecting with their own personal growth and sense of direction.

Millennials

Navigating Economic Pressure, Identity, and Connection

Millennials have grown up through rapid technological change, economic instability, and shifting cultural expectations. Our support provides tools for self-awareness, healthy communication, and grounded decision-making, helping them build meaningful lives in a fast-changing world.

Generation Z

Building Resilience in a Hyper-Connected World

Gen Z faces unprecedented digital overstimulation, social comparison, and global uncertainty. Our support equips them with the skills to manage anxiety, build authentic relationships, and develop inner clarity and confidence - empowering them to lead with empathy and purpose.

Visual Concept

The visual identity of SOTSI and UHF is rooted in emotional depth, spiritual awareness, and contemporary editorial design. Through intentional layouts, atmospheric color palettes, human-centered imagery, and spacious compositions, the brand universe seeks to create experiences that feel contemplative, refined, and emotionally resonant. Every visual element should support clarity, balance, and authentic human connection.

The Seat of the Soul Institute provide programs that support emotional awareness, responsible choice, and authentic power.

Each program helps young people develop authentic power and live with greater love and intention - in their families, communities, and the world.

Our Logos

Primary Logos

The Seat of the Soul Institute logo is inspired by the **crown chakra** — the seventh chakra — symbolizing higher consciousness, wisdom, and spiritual awareness.

Its **evolving floral** form also resembles a **rising sun**, representing illumination, growth, and the unfolding of consciousness over time.

The Universal Human Foundation logo is inspired by a lotus flower, symbolizing transformation, awakening, and human potential.

The form also opens like a book, with a subtle human figure emerging from its center — representing learning, awareness, and the evolution of the universal human.

Both logos are connected through the idea of the flower as a living symbol of expansion and transformation. Rather than functioning as decorative marks, the symbols are intended to communicate **growth, unfolding awareness, openness, and the continuous evolution of human consciousness**. Together, they create a unified visual ecosystem that reflects the relationship between personal transformation and collective awakening.

Logo Spacing

To ensure legibility and visual integrity, always maintain a minimum clear space around the logo. No graphic elements, typography, or imagery should appear within this protected area.

The clear space is defined by the unit “x”, measured from the height of the logo’s primary typographic or symbolic element.

Whenever possible, use additional surrounding space to preserve the calm, refined presence of the brand.

Logos Minimum Size

To preserve clarity, balance, and legibility, the logo should never be reproduced smaller than the recommended minimum size. Using the logo below these dimensions may reduce visibility of important details and weaken brand recognition.

When space is limited, use the simplified or icon version of the logo if available. Always maintain clear space around the logo and avoid distortion, compression, or overcrowding with other graphic elements.

Minimum width:

Digital 220 px

Print 2.25 inch / 64mm

Minimum width:

Digital 220 px

Print 2.25 inch / 64mm

Logos Variations

Primary Horizontal Logomark: Used for most brand communications, including website headers, presentations, and marketing materials.

Minimum width:

Digital 320 px

Print 3 inch / 76mm

Minimum width:

Digital 320 px

Print 3 inch / 76mm

Icon / Symbol: Used where space is limited or when a simplified brand mark is preferred, such as social media profiles, favicons, or app icons.

Minimum width:

Digital 120 px

Print 1.25 inch / 32mm

Minimum width:

Digital 100 px

Print 1 inch / 26mm

Logos Variations

The logo includes approved variations for use on both light and dark backgrounds to ensure clarity, contrast, and visual consistency across all applications. Always use the version that provides the highest legibility while preserving the integrity of the brand identity.

Light Background

Dark Background

Common Mistakes to Avoid

To maintain consistency and brand integrity, the logo should never be altered or distorted. Avoid stretching, rotating, recoloring, adding effects, reducing clear space, or placing the logo on backgrounds that compromise visibility and readability.

✗ Do NOT Manipulate the Logo

✗ Do NOT Change the Logo Font

✗ Do NOT Add Effects to the Logo

✗ Do NOT Change the Logomark Size

✗ Do NOT Change Logo Colors

✗ Do NOT Place Logo on a Cluttered Background

The background features abstract geometric shapes. On the left, there are several overlapping squares and rectangles in various shades of dark blue. On the right, there are larger, more fluid shapes in shades of purple and magenta, including a prominent circle and several triangles. The overall composition is modern and minimalist.

Our Colors

Primary Colors

The primary color palette defines the emotional foundation of the SOTSI and UHF brand universe. Midnight Navy, Cosmic Purple, and Pure White create a visual system that feels grounded, expansive, calm, and intentional while establishing consistency across all brand experiences.

	COLOR CODE	ENERGY	MAINLY USE FOR	SUGGESTED USE (PER BRAND)		EXTRA NOTE
				SOTSI	UHF	
MIDNIGHT NAVY 	HEX: #0E1631 RGB: 14, 22, 49 CMYK: 71, 55, 0, 81	Depth, structure, cosmic grounding. Intelligent, calm, stable, and trustworthy. It creates a sense of clarity and emotional weight without overwhelming the visual system.	Primary backgrounds, footer areas, typography on light backgrounds, structural sections, overlays, and gradient anchors.	35–45% (Primary brand background and dominant visual anchor)	10–20% (Supporting contrast color and grounding secondary tone)	Within the Seat of the Soul Institute visual identity, Midnight Navy should lead most layouts and immersive sections. Cosmic Purple can still appear across gradients and secondary compositions, but Midnight Navy should define the primary emotional atmosphere of the brand.
COSMIC PURPLE 	HEX: #3C1951 RGB: 60, 25, 81 CMYK: 26, 69, 0, 68	Vision, spiritual authority, expansion, magnetic depth. Elevated, intentional, contemplative, and emotionally expressive.	Hero sections, immersive backgrounds, emotional storytelling areas, gradients, and dominant visual compositions.	15–25% (Secondary atmospheric color and spiritual accent)	35–45% (Supporting contrast color and grounding secondary tone)	Within the Universal Human Foundation visual identity, Cosmic Purple should act as the leading emotional and visual foundation of the brand. Midnight Navy may still be used strategically for contrast, typography, or grounding compositions, but Cosmic Purple should remain the primary immersive tone.
PURE WHITE 	HEX: #FFFFFF RGB: 255, 255, 255 CMYK: 0, 0, 0, 0	Breath, clarity, editorial sophistication, openness. This color introduces balance and lightness into the visual system while preventing the brand from feeling visually heavy.	Whitespace, layout structure, text areas, minimal compositions, negative space, and editorial balance.	20–30% (Secondary atmospheric color and spiritual accent)	20–30% (Supporting contrast color and grounding secondary tone)	Pure White should be used intentionally to create breathing room and visual clarity across both brand systems. It helps balance the emotional depth of Midnight Navy and Cosmic Purple while reinforcing a calm, refined, and contemporary aesthetic.

Secondary Colors

The secondary color palette introduces warmth, light, softness, and visual activation into the brand system. Soft Periwinkle, Light Lilac, and the yellow tones are used strategically to create emotional contrast, highlight key moments, and support the overall atmosphere without overpowering the primary palette.

	COLOR CODE	ENERGY	MAINLY USE FOR	SUGGESTED USE (PER BRAND)		EXTRA NOTE
				SOTSI	UHF	
SOFT PERIWINKLE 	HEX: #D2CCFD RGB: 210, 204, 253 CMYK: 17, 19, 0, 1	Awakening, openness, mental expansion. Soft, airy, and emotionally spacious. It introduces calmness and a sense of possibility into the brand experience.	Large content sections, lighter page breaks, secondary backgrounds, soft overlays, and supportive atmospheric layouts.	10–15%	10–15%	Soft Periwinkle should support moments of emotional softness and visual openness within both brands. It works especially well in educational, reflective, or wellness-oriented compositions where the atmosphere should feel calm and breathable.
LIGHT LILAC 	HEX: #E7D4F1 RGB: 231, 212, 241 CMYK: 4, 12, 0, 5	Emotional safety, softness, refinement, warmth. Inviting and gentle without losing sophistication.	Secondary backgrounds, highlight areas, soft content containers, subtle gradients, and emotional support sections.	10–15%	10–15%	Light Lilac introduces warmth and emotional sensitivity into the visual system. It should be used subtly to soften layouts and support intimate or human-centered moments without overpowering the primary palette.
LUMINOUS YELLOW 	HEX: #FFEB45 RGB: 255, 235, 69 CMYK: 2, 2, 84, 0	Illumination, activation, clarity, vitality. This is the spark within the system. It naturally attracts attention and creates energetic contrast.	Buttons, links, highlights, active states, key phrases, icons, and minimal visual accents.	5-7%	5-7%	Luminous Yellow should be used sparingly and intentionally across both brands. On dark backgrounds, this variation should be prioritized to preserve visibility, contrast, and the radiant presence of the visual identity.
GOLDEN YELLOW 	HEX: #FED457 RGB: 254, 212, 87 CMYK: 1, 16, 77, 0	Warm, uplifting, conscious, radiant. Symbolic of awareness, optimism, and authentic power.	Primary buttons, highlights, active states, symbolic accents, and logo applications on light backgrounds.	5-7%	5-7%	Golden Yellow is used as the primary golden tone within the Seat of the Soul Institute logo on light or white backgrounds. On dark backgrounds, the Luminous Yellow variation should be used instead to maintain visibility, contrast, and the radiant quality of the symbol.

Gradients

Gradients are primarily used as background elements to create depth, warmth, and a calm atmospheric presence within the brand identity. Combined with areas of pure white space, they help create a balanced visual rhythm that feels open, refined, and contemporary.

Their soft transitions and luminous tones support the brand's spiritual and elevated visual language while allowing typography, imagery, and logo applications to remain clear and prominent.

Typographies

Typography System

The brand typography system balances elegance with clarity, combining expressive serif headlines with clean contemporary sans-serif text. Together, the typography system reflects the brand's calm, human, and elevated visual identity.

Headings

Canela Trial Regular and **Bold**

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z
a b c d e f g h i j k l m n o p q r s t u v w x y z

Each program helps young people develop authentic power and live with greater love and intention - in their families, communities, and the world.

Typography System

The accent typography is used to introduce expression, emotion, and human warmth into the visual identity through selected titles, quotes, and editorial moments across social media and branded content. Its fluid and expressive character brings a more intimate, spiritual, and reflective dimension to the brand while complementing the elegance and structure of the primary typography system.

This typography style should be used sparingly and intentionally to emphasize moments of inspiration, contemplation, and emotional connection.

Visual Elements

Graphic Elements

Graphic elements are used to support the visual rhythm, structure, and emotional atmosphere of the SOTSI and UHF brand universe. From divider lines and framing devices to glowing shapes and geometric accents, these elements should be applied subtly and intentionally to create balance, focus, and a refined editorial composition.

Rounded
Corners

Framing
Device

Glowing Shape

Visual Anchor

Geometric
Accents

Divider Lines

Supporting
Dividers

Patterns

Patterns are used primarily as background elements across events, marketing materials, and digital assets where both brands appear within the same visual universe. They add subtle texture, depth, and a sense of connection while supporting the overall composition.

Layout and Composition

Layouts and compositions should feel spacious, balanced, and emotionally intentional. Through the use of editorial structure, asymmetrical alignment, generous whitespace, and clear visual hierarchy, each composition should create a calm and refined experience that allows imagery, typography, and graphic elements to coexist harmoniously.

Layout Direction:

- Use generous whitespace
- Prioritize clarity over density
- Maintain calm visual rhythm
- Allow imagery to breathe
- Avoid visual overcrowding

Composition Principles:

- Editorial and intentional
- Emotionally grounded
- Minimal yet expressive
- Structured through spacing
- Guided by visual balance

The background features abstract geometric shapes in dark blue and purple. On the left, there are several overlapping squares and rectangles in a dark blue color. On the right, there is a large, semi-transparent purple circle. The overall color palette is dark and moody, with the text standing out in white.

Photography

Original Content

All photography should be high-resolution, clean, and professionally composed. Images must feel authentic and natural, featuring real humans and real environments — never AI-generated. Visuals should convey emotional depth, presence, and sincerity, avoiding overly staged or artificial aesthetics. The brands are based on stock photo/video use.

Video should be used instead of photography when possible.

Stock Images/Videos

The Seat of the Soul brand is only to be paired with landscapes of mountain views and water views (oceans, waterfalls) - no sand or other terrains.

NATURE

Reflective, expansive, restorative.

The Universal Human Foundation brand is only to be paired with photos/videos of humans. Preference goes towards close-ups of faces representing diversity.

PORTRAITURE

Authentic, grounded, emotionally present.

For our photography, we use sometimes stock imagery. But if possible, always use photography from our project. Prioritizing images from community, impact, big events, people smiling and making visual contact. Always and only use high resolution images.

✔ Community and Impact

✔ People smiling and making eye-contact

✔ Landscapes

✔ Events and big audiences

Correct/Incorrect Use

When using photos, use image crops to frame the photo and create a focal point based on the image selection. Avoid poor image crops, where there is negative space from a photo.

✓
No unintentional
image crops

✗
No unintentional
image crops

✗ Avoid over-filtering

✗ Avoid poor lighting

✗ Avoid low emotional authenticity

Additional Resources

Slogans and Icons

The iconography and slogan system was developed to visually and emotionally represent the teachings, programs, and experiences within the SOTSI and UHF universe. Through symbolic forms, intentional messaging, and minimal graphic language, elements such as the **“Create Authentic Power”** and **“Choose Love”** slogans help reinforce the spiritual philosophy, emotional depth, and cohesive identity shared across both brands.
